Dragon Well

Dragon Well tea was first produced in the Zhejiang Province in Hangzhou, China. This famous, traditional green tea brews up with a yellow liquor. Smooth and well-rounded, with a deep richness, full green tea flavor, a hint of chestnut, and a pleasant, invigorating aroma.

FRUITY TEA

Complex layers of tart, sweet fruit notes—mixed berries, hibiscus and apples—create this fabulous taste experience. The result is a well-rounded herbal infusion that has a deep red-colored liquor.

This harmoniously balanced blend combines hand-sorted, whole chamomile, of the highest quality with the crisp, refreshing citrusy flavor of lemongrass. This is a smooth, light brew with a golden liquor, and a pleasant sweetness accentuated by malva, marigold and rose flowers.
